May 2024 No. 708

Ensure you read and understand our following statement of limitation of liability and terms and conditions before purchasing. Once seed is purchased Asian-Seed Ltd understands you have read, understood, and agreed to our terms and conditions. No liability will be accepted.

LIMITATION OF LIABILITY

In the event of any seeds sold or agreed to be sold by Asian-Seed Ltd not complying with the express terms of the Contract of Sales, or any seeds proving defective in variety purity, we will at our option replace the defective seeds free of charge to the buyer or will refund all payments made to us by the buyer in respect of the defective seeds and this shall be the limit of our obligation. We hereby exclude all liability for any loss or damage arising from the use of any seeds supplied by us, and for any consequential loss or damage arising out of such use or any failure in the performance of or defect in any seeds supplied by us, or for any such replacement or refund as aforesaid. The price of such seeds would be much greater if a more extensive liability were required to be undertaken by us. On all sales made the obligation is on the purchaser to cover the insurance, we do not insure unless requested to at each purchase. Minimum packet cost is \$10.00 + gst. (R)=registered item (AS)= Asian Seed line. All seed must be trial grown first before any commercial production is undertaken to ascertain its purity and suitability for you before each sowing. Any picture depicting our product is an indication of type only you must grow any seed line to test each purchase to check the items for your own use on each purchase.

Our Seed is prohibited for use as seed for reproduction. Minimum \$10,000.00 fine plus all costs will be applied for each violation.

All sales are made on the basis of the above terms, which are accepted by all buyers when placing orders or purchasing seed.

TERMS AND CONDITIONS

- Seed is prepaid before delivery. If after this time the invoice has not been paid, interest will be charged at 5% per month or portion thereof until all of the outstanding debt has been fully paid. Debt collection and recovery costs and fees are extra and will always be at the Debtors expense. No cheque payments allowed payment through Bank only. International clients can either TT the payment or arrangements made to cover Invoice in advance. Insurance is buyers care as usual. All seed must be trial grown first before any commercial production is undertaken to ascertain its purity and suitability for you on each sowing. With each purchase you must trial grow each lot before commercial planting.
n = special price no discount is allowed and is a prepaid price = payment before seed is dispatched, all prices are plus freight & GST.
- If these conditions are not acceptable immediately return the unopened seed for credit and your account will be closed. All new customers are required to complete a credit application before accounts can be opened. Credit checks both personally and for a company will be carried out to assure us that applicants wishing to purchase from us do have the ability to pay their accounts. Indents are non-returnable. AS= asian-seed select.
- Discount of 15%** will apply for prepayment on commercial seed orders ,Seed invoiced value before GST of minimum \$300.00.This offer is made on the Invoice issued with the seed, provided all previous Invoices have been paid. All Seed is to be prepaid before delivery. **Customer must cover insurance for all deliveries.**
Minimum Invoice amount is NZ \$300.00. The discount amount offered is on the seed cost excluding freight, gst/taxes. Retail packs of most items are available @ NZ\$10.00 plus carriage and tax subject to availability, order asking for retail packet. Retail small packets payment must be sent with the order. There is no discount on NZ\$10.00 packets. All seed, commercial or home garden, must be grown on a small scale first to ascertain the suitability and purity in your area before full scale planting or commercial plantings are undertaken on each sowing.
- Any Discounts offered are strictly on prepayment specified on each Invoice. After the specified Days the amount reverts to the full current price. Discounts do not apply to any special net arrangements for bulk customers or packet seeds. Discount only applies to the Net Seed cost.
- Asian-Seed Ltd reserves the right to accept or decline the return of any seed, and to credit the Client's account for the cost thereof, in the event of any seeds returned. Specially indented orders (for items not usually stocked by us), cannot be cancelled after they are ordered from our supplier, they also cannot be returned after delivery for credit or replacement. **Authorised returns from wrong ordering of regular lines attract a 20% restocking fee. Opened packets are not allowed to be returned. Merchants account are current if used monthly to minimum trading amount. All seed must be tried first to see if the line is suitable before commercial planting, on each purchase.**
- The cultural notes, pictures and descriptions given are given as a GUIDE ONLY. Different climatic conditions, personal growing habits, soil conditions and geographical diversity may not yield the same results described, and Asian-Seeds, or any of its representatives will not be held liable for any direct, indirect or consequential loss resulting from the use of the descriptions/notes/seeds contained herein. All sales are based on these conditions, growers must try items in ones own area to determine any seed crop suitability before commercial planting. Seed count if mentioned are a general guide only.

PRICES AND GST

- Updated price catalogues are issued to regular purchasers. Ask for an updated copy as new items are being added all the time or look at our website which is regularly updated. Most seeds are imported from overseas, new crop rates, exchange rate fluctuations, along with many factors beyond our control will alter prices. Prices are subject to change without notice. GST will be added to all New Zealand invoices. Carriage, Customs charges, Agriculture fees, etc will be billed where applicable at cost. All prices have been established as at the current exchange rates on arrival of crops. New crop rates and other factors will alter all prices beyond our control. Special prices for bulk purchases are readily available on request. Freight charged at courier cost + \$16.00 plus rural delivery plus GST. Minimum price per home garden seed packet is \$10.00

Seed Treatment: Should treatment be used on some seed lines it is used because of the wide belief that it will enhance the field germination of such lines or be helpful in pest management. T= treated U= untreated.

No Seed Treatment and Organic Seeds: We sell many non-treated seeds entirely suitable for organic growing. If you require seed untreated just ask for its availability. Organic Seed lines are available, but due to excessive high cost of the certified paper work associated with organic seed we offer the grower a wide range of non treated seeds giving the grower value for money and enable them the opportunity to make a profit from their crops.

Seed Quality: Seed quality is going to give you the best result, quality and vigour will shine through, this type of seed may be more expensive but in the end it is far more cost effective. Anyone can sell low cost seed but a few like ourselves can offer quality seed. Take the time to understand the difference it will be worthwhile. All seed must be tried before commercial growing, variability is expected and accepted due many factors involved in growing. All seed must be grown on a small scale for suitability before commercially grown.

Insurance. It is the purchasers responsibility to insure all courier or freighting deliveries against damage or loss, we do not insure.

Seed borne disease: All seed could possibly carry seed borne diseases. This is another reason to trial grow each lot prior to commercial planting of any seed crops. The most modern testing facilities are still unable to detect some diseases. All growers hereby accept that a risk of soil, seed, wind, mechanical, outside influence and more may all contribute to such crop diseases and loss of crop. Growers must accept responsibility. We accept no responsibility as stated in our limitation of liability.

Genetically Modified organisms: We sell only normal seed practice breeding that is by old seed breeding selection of parent lines then standard parent crossing to make the hybrid. No engineered altered material is used to the best of our knowledge. All F1 Hybrid material we sell is marketed in good faith.

6223 Wasima F1, Indian type very strong, dark green, 16cm very productive	202.00	336.68	448.87	598.50

NZ Government requires expensive seed Testing before Bitter Melon seeds can be imported into NZ, these costs must be passed on.

Germination 14 days 75-80%, give all Bitter Melon good conditions for optimum germination results, plugs/plants booking available growing conditions has a vital effect on the fruiting ability and final fruit size. Best minimum 23deg-30 over 24hr period temp variation will effect the plants ability to flower and set and ultimately the resulting crop. Pre soak seed. Grow Bittermelon in ground not growing Bittermelon or Egg plant before is best for a good crop. Being tropical seed lines they may require good cultural habit to replicate tropical conditions.

Cabbage Chinese 大白菜*Brassica campestris (m=1000 seeds) average 350 seeds per gram*

Chinese Cabbage vernalization type seed. The bud differentiation and bolting result from low temperatures of 5deg C for a week or 10deg C for 2 weeks. In the spring cultivation under low temperature it is important to select suitable varieties and the right sowing time. For the Spring harvest transplant seedlings with 5-7 true leaves and raised at 23-24C during the daytime and 12deg C. Make plants grow quickly with enough water and fertilizer after transplanting. All information is a guide only, first try before any commercial planting as usual.

		10g	25g	100g

RADISH - RED SILK F1
Slow to pith, suitable for growing all year
round nice round red uniformly easy to grow
resistant to pithing, tolerant to fusarium
yellow and black rot best commercial.
杂交红丝萝卜F1, RED SILK 可全年种植,
直接播种, 对黄叶病(病原菌 Fusarium
Yellow)和black root rot 黑根腐病抵抗力。

9221
RADISH - RED BEAUTY SILK F1
Best in class for commercial use
round slow to pith all year round
growing in mild areas.
圆红萝卜, 可全年种植。

9330
SPINACH - MALABAR
 Glossy waxy green excellent warm growing Asian specialty.
 绿菠菜， 适合暖季生长。

9372
SPINACH - JOKER F1
 Summer production, Downy Mildew resistant thick green leaves slow bolting, upright habit.
 杂交菠菜， 夏季收获 抵抗霉菌病 (Downy mildew)。

9407
SPINACH - PIRUS F1
 Nice dark green smooth leaf, Spring to Summer cropping.
 绿菠菜， 春夏生长， 深绿。

9390
SPINACH - CHIVAS F1
 Smooth leaf cropping time Autumn, Winter, Spring. Downy Mildew resistant very upright dark green, productive.
 杂交菠菜， 光滑叶面， 在秋冬春三季生长， 深绿色。

9406
SPINACH - TSX-25
 New item for Winter excellent resistance, dark green smooth leaf upright habit easy harvest, productive.
 杂交绿菠菜， 深绿光滑叶， 冬季作物。

9316
SWEET CORN - TENDERSWEET.
 Nice quality popular.
 甜玉米。

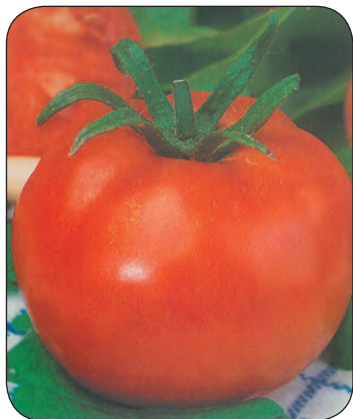

9300
SWEET CORN - SWEETIE CHIEFTAIN
 (for organic growers). Untreated
 甜玉米。

9490
TOMATO - MONEYMAKER
 Standard staked home garden round fruit. Very popular item excellent flavour.
 西红柿， 家庭果园用。

9501
TOMATO - TAI PING F1
 Hybrid vigorous dwarf outdoor early production, large 200-250g for pick your own. Widely adapted smooth fruit with excellent cover and good meaty flavoured tomato like they used to be.
 杂交西红柿， 果体大200-250颗， 果肉口感好。

9540
TOMATO - BRAGGER F1
Large beefsteak staked best disease resistance.
杂交大西红柿。

9535
TOMATO - EARLY MONEY F1
Medium sized fruit, staked.
杂交西红柿。

9545
TOMATO - SWEET MILLION F1
Sweet 100 small very sweet red fruit, staked.
杂交超甜小西红柿。

9598
YAP F1 - Club root resistant
Globe shape uniform nice size. Root can be harvested from small to medium size, grow for autumn, winter and spring harvest.

9596
JIMA F1
Year round growing very late bolting strong in heat and cold. Slow to pitch or crack, tender and juicy. Glossy white award winner item.

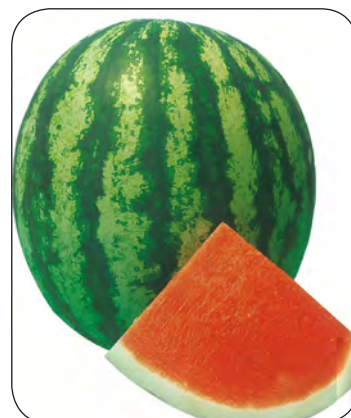

9601
TURNIP - TOKYO CROSS F1 HYB
Excellent uniform sweet item, late pithyness, Spring to early winter cropping.
杂交芜菁，春季到初夏生长。

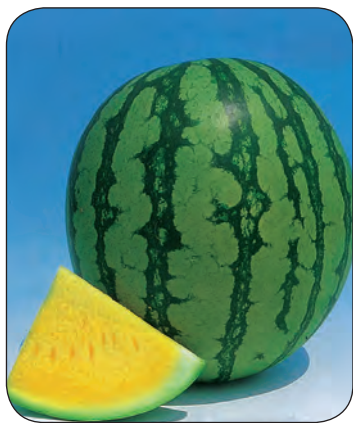

9646
WATERMELON - SUGARBELLE AS F1
Sugar baby popular commercial item 7-8kg.
杂交甜西瓜，一种非常广泛的西瓜，7-8公斤。

9645
WATERMELON - SUGARBABY
Popular dark skinned round, sweet 4-6Kg.
蜜宝西瓜，深色瓜皮 4-6公斤。

9692
SUPREME NO10 AS F1
Seedless red flesh with a vigorous and productive plan with early fruit setting. Fruit is oval weight around 3 + kg. red and juicy flesh, tasty strong resistance to diseases.

9674
WATERMELON - ORCHID F1
 4-6Kg very sweet, good fruit set, yellow flesh ice box.
 杂交黄西瓜, 3-4公斤。

Bright orange yellow flesh 13% Brix. Fruit is short oval globe shape very attractive fruit ideal for supermarkets or gourmet trade 4 + kg. Sugar Baby type + stipe good shipper.

ORCHID AS F1

9674

Beautiful Ice Box type 4-6kg. Oblong brix 13%, nice dark green stripes lighter green skin. Yellow flesh. Strong disease resistance. Very popular item yellow flesh watermelon.

MALABAR GREEN SPINACH (AS)

9330

Glossy waxy green, excellent, sow late spring warm growing. Requires warm conditions to grow sow in spring for good continuous growth. Excellent lines, hard seeded, best to soak seed first. Wonderful germination.

WINGED BEAN/GOA BEAN

5825

Delicious old cultivar Chinese favourite. High protein 20%, also almost all the plant can be eaten. What a great health food.

Asian-Seed

50多年的种子销售经验

种子价格以最新版本为准。价格如有修改,不再另行通知

2024年5月 第708号

责任申明

在任何种子销售过程中或被Asian-Seed Ltd授权同意的种子销售过程中,

如我公司未能执行出售合同中的条款或出售的种子有品质上的瑕疵,我们会免费更换质量有瑕疵的种子或者退还因购买了瑕疵种子的所付款项。这将是我们的有限责任。我们特此声明本公司不对因使用我公司所销售的种子而产生的直接或间接的损失及损坏负责,而且本公司不对使用我公司所销售的种子达不到预期效果和种子的弱点缺陷负任何责任,任何更换的种子和退款也包含与上述声明。如果要求我们承担更多的责任和义务种子的价格将会提高很多。在所有的种子销售过程中,对种子的保险是种子买方的责任,我公司不对种子进行保险除非在销售过程中应买方的要求。最低零售种子购买值为NZ\$10.00+GST。(R)=注册品种,(AS)=亚洲种子。所有种子,在商业种植前,都要先进行试种来确认种子的纯度和是否适合你使用。

我们的种子是禁止拿去重新繁殖,一经发现,每一次/单违规将会最低罚款\$10,000.00外加所有相关费用。

所有种子的销售都建立在上述条款之上,购买者在下订单和购买之时已表示他(他们)接受了上述条款

条款与协议

- 种子须在付款后发货。所有账单必须在出票日之后的7日之内付款。如果在此期限内未能付清款项,买方将承担每月5%的利息,直到所有应付款项付清。债务讨还的开支和收回费用都由负债方承担。支票付款时的接收人是Asian-Seed。国外客户要购买前TT付款或者商议并同意好其它付款方式。对种子的保险仍是种子买方的责任。在被要求的情况下我们可以开Pro forma 发票。N=特价品种不再有折扣,并且需在发货前付款,价格包括GST和运费。
- 如果上述条款与协议不能被接受,请立即把无拆封的种子退还,得到退款同时您的账户将被关闭。所有新的客户要求要求在开办账户之前需完成一次存款交易。存款可以检查双方个人和一个公司,将会使我们相信申请者有意向我们购买种子并有能力付款。订单恕不奉还。
- 即时付款的客户将得到15%的折扣。当种子发货时,这个折扣会备注在发票上。在之前的账单全部付清的前提下才可得到以上折扣。信用卡付款能得**15%折扣**。\$400.00 and over
最低开发票金额不得少于\$50.00,定期和长期客户除外。折扣是在种子价格基础上计算,计算时不包括运费和GST。零售的种子一般每包NZ\$10.00加上税和运费。零售的小包订单必须附有付款。所有的种子在大规模种植之前应该先以小型的种植为实验来证明种子在当地的适应性。NZ\$10.00包装的种子没有折扣
- 折扣是对在开票日算起到发票上特定的具体天数之内付款的客户。超过发票上特定的具体天数之后种子价格将恢复到原价。折价不再适用于已有特别定价的大客户和零售袋装种子。折扣仅适用于种子的实价,不包括GST和运费。
- 亚洲种子子公司保留接受或拒绝退货的权利,保留在退货后是否向客人收取费用的权利。对于特殊的订货(我公司没有库存的种子),在我们向供应商下单后无法撤销,在种子发货之后不能退款或换货。经确认是买家订错货,如果是常规品种,如果退货将有20%的手续费。请恕本公司无法接受已开包的种子退货。批发帐户要每月购买起订数量的种子才能保持帐户是有效的。所有种子在商业种植前要先试种以确认种子的适应性。
- 栽培指导和种子介绍只起一个指导作用。不同的气候环境,不同的种植习惯,土壤环境,地理差异都会对最后的收成产生巨大的影响。本公司和其任何代理人不对任何指导和描述负责,而且不对任何根据种子的介绍或指导而导致的直接,间接的损失负任何责任。所有种子的销售必须建立在以上条约的基础上,种植者应该尝试以小规模的种植为实验来证明种子在当地的适应性。如果提到种子数量,只是常规的指导。

价格与GST

- 更新的种子价格表将寄给长期的客户,欢迎垂询最新价格表,新品种会不断地加进来,也可在我们的网上查询
大部分种子是从国外进口,新种子价格,汇率的波动,和其它非人为因素都会影响到种子的价格。因此本价格清单也只作参考作用。请恕无法通知价格变化。对于所有的新西兰的订货单中GST将被加上。可能的费用还有运费,关税,农艺费等等。所有的种子价格都建立在种子进入新西兰的汇率的基础上。新的汇率和其它因素将影响所有价格,不由我们控制。如果用快递,郊区需另加NZ\$10.00运费。家庭花(菜)园包装的种子没有折扣。

有限责任延伸至下一页内容,请在购买前保证您已经阅读并理解。种子一旦购买,Asian Seed就认为您已经阅读并同意我们的条款和条件。免责将被接受,每批种子在商业种植前必须进行小样试种。

最低开发票金额不得少于\$400.00

我公司无意销售任何基因改造种子

所有Asian-Seed的种子销售行为都建立在上述条款与协议之上

		100克	500克	1公斤
6120	超级银甜菜, 亚洲种子挑选的最好的商业种子	86.62	288.75	385.00
6110	Ford hook 银甜菜, 亚洲种子推介。深绿色有白条, 高株 家庭种植	52.65	194.67	288.40
6125	可永久收获的菠菜/菜根, 是切割后可重复生长的极佳品种	40.62	135.42	180.56
		1m	5m	
6160	明亮色彩混合品种, 具多种颜色混合 (500克约30000多粒种子)	51.84	172.80	

苦瓜 BITTER GOURD/BITTER MELON/BALSAM PEAR/ Fu-Kwa			
<i>Momordica charantia</i> 5克约 = 20粒种子 **=未经处理之种子			

苦瓜F1					
正品商业种子, 真正的F1 hyb					
亚洲品种					
		10克	25克	50克	100克
6230	Verdure F1, 宽肩呈锥形 550克-800g 23X9厘米 受欢迎的项目	202.00	336.68	448.87	598.50
6213	光滑深绿色苦瓜,味好,30厘米 600克-800克, 开放授粉品种, 温度在16-32度播种 播种前要先进行浸泡. **	175.20	292.00	389.25	519.00
印度品种					
6224	翡翠 F1, 印度苦瓜深绿, 多产, 26X7cm 多刺	248.00	413.44	551.12	735.00
6223	WasimaF1, 印度品种, 味道很苦, 深绿色, 16cm, 高产	202.00	336.68	448.87	598.50

新西兰政府要求在苦瓜种子进口到新西兰之前进行费用昂贵的种子测试, 这些费用必须由卖方承担。

14天的发芽率为75 - 80%. 确保给予苦瓜良好的生长条件以得到最佳的发芽效果。生长条件对植物结果的大小有很大的影响。

最好一天24小时内温度不低于23度, 温度的变化会直接影响到开花, 挂果和最后的收成。种子需要预浸泡。

为获得好收成不要在曾经种过苦瓜或茄瓜的地种苦瓜。作为热带种子, 它们可能需要良好的种植习惯来复制热带种植条件。

西兰花, 花椰菜, 甘蓝花 BROCCOLI 商业种植西兰花				
<i>Brassica oleracea</i> (1m=1000粒种子) 处理与未经处理的种子				
		1m	10m

RED NOBLE NO.5

红贵5号

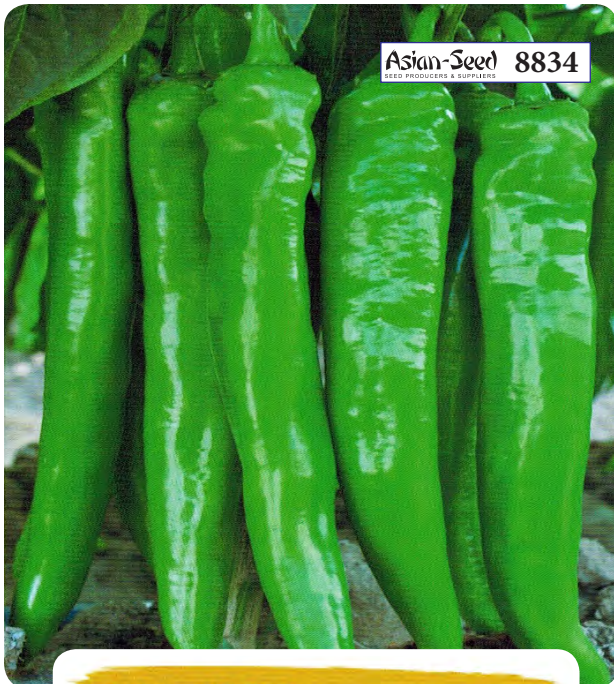

子弹头型 分枝力强 产量高

特性

1. 子弹头型单生朝天椒。抗病性强，干椒商品性好。
2. 长势旺，连续座果能力强，产量高，整齐度好。
3. 青果浅绿色，成熟后鲜红色，果形优美。
4. 果长4.6-5.0cm，果粗1.0-1.1cm，单果重2.8-3.0g。
5. 适宜全国各地栽培。

CHARACTERISTICS

1. Bullet single Chaotianjiao type, mid-early maturity, 4.6-5.0cm length, 1.0-1.1cm diameter, 2.8-3.0g weight.
2. Wide adaptability, suitable for fresh and drying market.

BN5400 深绿大果型 高抗病

GREAT WALL 5400

1. Deep green long bull-horned type, mid-early maturity.
2. 23-28cm length, 4.6-5.2cm diameter, 100-120g weight.
3. Good tolerance to low temperature in early green house.
